The Selectmen of Harts Location gladly announce that after a town meeting in 1928, when the town was bought for the sum of \$2,300.00; today it has received more than this amount in back taxes—called a rebate of taxes from the Treasurer of New Hampshire. We thus bring to a close the year of 1930, January 31st, with a small amount in the Town Treasury and hope to continue as we are now in as good standing as any other town in the State.

The Selectmen have been informed that the Morey estate has formed a corporation in the State of Massachusetts with offices both at Notchland, N. H., and Boston, Mass., and that sale of the Sawyers River field brings to us a good sale value of the land in this Town as the sale of about 40 acres is on record at \$5,000.00

FLORENCE MOREY,
GEORGE P. MOREY,

FIRE WARDEN'S REPORT

Forest Fire Warden for the Town of Harts Location hereby submits the following report for the year of 1930:

There was one fire causing this town no expense. The fire occurred two miles south of Notchland on the land known as the Livermore tract. This land, however, was in the Town of Harts Location and the fire was set by one of the employees of the Livermore Mills, by his burning brush for said Company; but without proper fire permit from this Town and we therefore hold the Town of Livermore for this expense.

The area burned was not over 10 feet square and the expense was very small. The fire occurred during the banned period during the fall drought.

The only new feature of the local forestry department, for the past year, was at town meeting when the selectmen appropriated the money necessary to buy the lumber and paint for posts for all town forestry signs, making the placing of them along the highway very attractive and thus doing away with the old way of nailing them up on trees. This expense is very small and the sign catches the eye more quickly. We believe other towns should help make this the standard marking throughout the state.

JOHN B. McCANN, Warden,

CHARLES H. MOREY, JR., Deputy Warden.

AUDITOR'S CERTIFICATE

I hereby certify that I have examined the accounts of the treasurer, tax collector, and town clerk of the Town of Harts Location and find them correctly cast and properly vouched for.

LOUISE E. CHICK, Auditor.

March 2, 1931.

HIGHWAY REPORT

The highway is the old 10th Turnpike and always is State maintained. Hart's Location is proud of the fact that travel can go thru our little town all of the 12 months of the year.

SCHOOL REPORT

No schools maintained. The school tax is raised from the town at \$3.50 per thousand, which amount goes into the School equalization fund of the State School Department and the Department takes care of any needed schooling for this town as our school district is unorganized.

An explanation should be made in regards to the school tax for 1929, which was much lower than the tax of 1930.

The valuation in 1929 was set by the State Tax Commission several years back on the erroneous value of \$35,000. In 1929 this mistake was corrected as you will note in the town report of 1930 under Selectmen's report and this year the school tax was raised on the proper valuation.

TOWN CLERK'S REPORT

VITAL STATISTICS

Marriages, births, deaths, none for 1930.

However, we have two new citizens, born in other towns (hospitals) and now a part of our population.

FLORENCE MOREY, Town Clerk.
